# LAST 2 DAYS of Bloomingdale's Annual Factory Clearance Sale OF WALTERS PIANOS & PLAYER PIANOS AT ABOUT 1/2 Former Prices

You must call and see these splendid instruments in order to fully appreciate the exceptional values offered. They surpass anything hitherto presented.

The most remarkable feature of this sale is the fact that every instrument offered is practically as good as new, being a sample or discontinued style, different in case design only from our regular styles of Walters Pianos and Player Pianos catalogued. Included, also, are a number of instruments which have been out on rental or used for demonstration purposes in our salesrooms.

If you want to secure a high-grade, reliable piano—bearing the maker's unequalled guarantee—you cannot afford to let this golden opportunity go by.

## WILSON PRAISES NAVY, SAYS NATION SHOULD BE PROUD

Declares Dewey's Statement  
That It Was Never in Better  
Condition Is Verified.

### BACK FROM HIS TRIP.

On Way Home He Goes Sight-seeing and Meets Woman  
Whose Husband's Ear Itched.

WASHINGTON, May 20.—President Wilson's impressions of the Atlantic fleet, which he reviewed at New York early this week, were set forth in the following statement, issued at the White House today upon the President's return:

"I was greatly struck by the appearance of the fleet and the quiet efficiency shown by the officers and men, as I am sure every one must have been who had the pleasure of seeing it assembled in New York."

"There could have been no more interesting verification of Admiral Dewey's statement that the navy was never in a better or more efficient condition and that the country has every reason to be proud of it, not only, but every reason to wish to go forward in its policy of steadily adding to its strength and equipment."

President Wilson's statement praising the Atlantic fleet was sent by wireless to Admiral Fletcher on the battleship Wyoming, off the New England coast.

The yacht Mayflower returning from New York with President Wilson and his party docked at the navy yard here at 6:30 A. M. today. The President later was motored to the White House where he was soon immersed in his work.

The yacht remained anchored throughout the night in the Potomac below Washington in order to give the President another night on the water before returning to his duties.

The President and his party stopped on their way up the river to go ashore at Wakefield, Va., and at Stratford, Va., to visit the birthplaces of George Washington and Robert E. Lee. The house in which Lee was born still stands but only a monument marks the birthplace of Washington. Folk in that secluded section of Virginia were amazed and overjoyed at the visit of the Presidential party.

The President, with Miss Margaret Wilson, Mrs. Howe, his sister, Mrs. Anna Cochrane, his niece, Mr. Grayson and Capt. Luckett, pilot of the Mayflower, went ashore in a flatboat because the launches of the Mayflower were unable to make the landing. The pilot undertook to guide the party to the Lee homestead.

The route led for more than a mile through a dense wood over a narrow
